## TROPICAL **CHIC**, FASCINATED BY NATURE.

With TROPICAL **CHIC**, HOOKED**ON**WALLS® presents an ode to the islands of the Pacific Ocean. The collection is a tribute to the natural beauty of the remote areas of the Pacific with names that speak to the imagination. Will Tuvalu soon sink into the eternal blue? Is Kiribati soon to be nothing more than a name that recalls its glistening greenery? Will nothing be left of Tonga but images of enchantingly lovely hibiscus flowers? With its eighth collection, the wallcovering outsider is immortalising the misty exoticism of a thousand islands in your home.

Loquacious walls are guaranteed to love the natural and spunky look that HOOKED**ON**WALLS® will be enchanting you with this season. And everyone can easily work with TROPICAL **CHIC**. You apply the high-quality fleece directly onto glued walls. Hanging is done quickly, without fussing, stress or loss of time. If you want to make your home into an oasis, you can create it yourself with the newest exclusive designs from HOOKED**ON**WALLS®.

## Wallflowers

Caress your walls with TROPICAL **CHIC** and treat them to a vintage look with velvety leaves of exotic deciduous vegetation. Hibiscus flowers wave softly in the wind while a mist alights on them softly. A torrent brings moisture from the dark earth. The forest rustles and shimmers. The wet ground swarms and glimmers with tropical life. A sunbeam plays on the greenery where an opening is found in the canopy. With the help of exclusive mica inks, HOOKED**ON**WALLS® brings the most beautiful aspects of the islands to shine in your home.

Allow your walls to explore the endless Polynesia and embrace a world that may not be there tomorrow. With TROPICAL **CHIC**, palms are no longer true-to-life green, but a memory in black on gold. Bring a soft echo of the wilderness inside. A tame and sophisticated version of the untamed nature. A detailed interpretation of life on the other side of the world.

TROPICAL **CHIC** is available in colours that bring to mind charcoal, slate, black pepper, octopus ink, henna, gems, gold, ochre, sea grass, olive, moon stone, honey, fish scales, flax, lemon grass, sand, linen, eggshell, white pepper, chalk and ivory.
